(7) A copy of any plan of reorganization, whether or not confirmed, with respect to a case under title 11, United States Code, or any similar law of a state or political subdivision thereof, involving the person and occurring within 5 calendar years prior to or any time after the net worth record date.

(c) *Incomplete submission.* If a contributing sponsor and/or members of the contributing sponsor's controlled group do not submit all of the information required pursuant to paragraph (a) of this section (other than the estimate described in paragraph (b)(1) of this section) with respect to each person subject to liability, the PBGC may base determinations of net worth and the collective net worth of persons subject to liability in connection with a plan termination on any such information that such person(s) did submit, as well as any other pertinent information that the PBGC may have. In general, the PBGC will view information as of a date further removed from the net worth record date as having less probative value than information as of a date nearer to the net worth record date.

§ 4062.7 Calculating interest on liability and refunds of overpayments.

(a) *Interest.* Whether or not the PBGC has granted deferred payment terms pursuant to § 4062.8, the amount of liability under this part includes interest, from the termination date, on any unpaid portion of the liability. Such interest accrues at the rate set forth in paragraph (c) of this section until the liability is paid in full and is compounded daily. When liability under this part is paid in more than one payment, the PBGC will apply each payment to the satisfaction of accrued interest and then to the reduction of principal.

(b) *Refunds.* If a contributing sponsor or member(s) of a contributing sponsor's controlled group pays the PBGC an amount that exceeds the full amount of liability under this part, the PBGC shall refund the excess amount, with interest at the rate set forth in paragraph (c) of this section. Interest on an overpayment accrues from the later of the date of the overpayment or 10 days prior to the termination date

until the date of the refund and is compounded daily.

(c) *Interest rate.* The interest rate on liability under this part and refunds thereof is the annual rate prescribed in section 6601(a) of the Code, and will change whenever the interest rate under section 6601(a) of the Code changes.

§ 4062.8 Arrangements for satisfying liability.

(a) *General.* The PBGC will defer payment, or agree to other arrangements for the satisfaction, of any portion of liability to the PBGC only when—

(1) As provided in paragraph (b) of this section, the PBGC determines that such action is necessary to avoid the imposition of a severe hardship and that there is a reasonable possibility that the terms so prescribed will be met and the entire liability paid; or

(2) As provided in paragraph (c) of this section, the PBGC determines that section 4062(b) liability exceeds 30 percent of the collective net worth of persons subject to liability in connection with a plan termination.

(b) *Upon request.* If the PBGC determines that such action is necessary to avoid the imposition of a severe hardship on persons that are or may become liable under section 4062, 4063, or 4064 of ERISA and that there is a reasonable possibility that persons so liable will be able to meet the terms prescribed and pay the entire liability, the PBGC, in its discretion and when so requested in accordance with paragraph (b)(2) of this section, may grant deferred payment or other terms for the satisfaction of such liability.

(1) In determining what, if any, terms to grant, the PBGC shall examine the following factors:

(i) The ratio of the liability to the net worth of the person making the request and (if different) to the collective net worth of persons subject to liability in connection with a plan termination.

(ii) The overall financial condition of persons that are or may become liable, including, with respect to each such person—

(A) The amounts and terms of existing debts;
